Description of fish holding facility* (include type, size and location of tanks) <small>*Note that any Live Baitfish Dealer who wishes to sell fish for use in one specific location <u>and</u> statewide use must: 1) have distinctly separate fish holding facilities for fish to be sold for each area, and 2) maintain separate records for each facility.</small>

Select the desired Live Baitfish area and/or Statewide on the reverse side of this form.
Live Baitfish Dealers can only sell baitfish for one of the specific baitfish locations and statewide use.

Refer to the 2012-2013 Wyoming Fishing Regulations booklet or Chapter 46, section 7, 8 and 9 for all baitfish regulations.

Only certified check, cashier's check, or money order will be accepted. Personal checks drawn on Wyoming banks will be accepted from Wyoming residents. No two party checks accepted. Live Baitfish Dealer licenses are issued at the Wyoming Game and Fish Department regional offices located in Jackson, Pinedale, Cody, Sheridan, Green River, Laramie, Lander, Casper and the headquarters office in Cheyenne.

INDICATE BELOW THE AREA WHERE BAITFISH WILL BE USED:

Note: Any live baitfish dealer may sell commercially produced live baitfish (fathead minnows obtained from a licensed Wyoming commercial fish hatchery). In addition to the commercially produced live baitfish, a live baitfish dealer shall only sell baitfish for one of the specific baitfish locations. That means a maximum of 2 boxes may be selected and that is only if one of them is Commercially Produced.

Commercially Produced (Area 2; Area 3; Area 5)

Fathead minnows obtained from a licensed Wyoming commercial fish hatchery shall be the only live baitfish that may be sold for use in all locations east of the continental divide where the use of live baitfish is permitted

Only one baitfish location can be selected below this line.

Area 1

Live baitfish may be taken by seine, net or trap from the following waters: Snake River drainage, excluding the waters within the National Parks. Any baitfish captured except those to be held by live baitfish dealers shall be killed immediately. Only native baitfish may be possessed or sold for use in Area 1. Native baitfish permissible for use in the Snake River drainage are reddsideshiner, speckled dace, longnose dace, Paiute sculpin, mottled sculpin, Utah chub, and Utah sucker. Baitfish SHALL ONLY be used as DEAD BAIT wherever the use of dead baitfish is legal.

Area 2; Location A

Fathead minnows and lake chubs may be taken by seine, net or trap from the following waters: Wind River drainage upstream from the western boundary of the Wind River Reservation excluding Torrey, Ring and Trail Lakes. Fathead minnows and lake chubs SHALL ONLY be used on the following waters: Torrey, Ring and Trail Lakes in the Torrey Creek drainage. Live baitfish SHALL NOT BE TRANSPORTED out of the Wind River drainage upstream from the western boundary of the Wind River Reservation.

Area 2; Location B

Live baitfish may be taken by seine, net or trap from the following waters: Wind River and Big Horn River drainages downstream from the western boundary of the Wind River Reservation. Live baitfish SHALL ONLY be used on the following waters: Wardell Reservoir, Big Horn Lake, Bighorn River, Deaver Reservoir, Harrington Reservoir, Shoshone River downstream from Penrose Dam, Wind River downstream from Boysen Reservoir, Boysen Reservoir, Ocean Lake, and Pilot Butte Reservoir. Live baitfish SHALL NOT BE TRANSPORTED out of the Wind River and Bighorn River drainages downstream from the western boundary of the Wind River Reservation.

Area 3; Location A

Live baitfish may be taken by seine, net or trap from the following waters: Keyhole Reservoir and Belle Fourche River drainage. Live baitfish SHALL ONLY be used on the following waters: Keyhole Reservoir and Belle Fourche River proper. Live baitfish SHALL NOT BE TRANSPORTED out of the Belle Fourche River drainage, Little Missouri drainage, Little Powder drainage and Cheyenne River drainage.

Area 4

Live baitfish may be taken by seine, net or trap from the following waters: Green and Bear River drainages, excluding Kendall Warm Springs, Halfmoon Lake, Little Halfmoon Lake, Burnt Lake, the Flaming Gorge National Recreation Area, the Bitter Creek drainage upstream of Rock Springs city limits and the Big Sandy drainage upstream of Big Sandy Reservoir. Any baitfish captured shall be killed immediately or released to the water immediately. Baitfish SHALL ONLY be used as DEAD BAIT wherever the use of dead baitfish is legal.

Area 5; Location A

Live bait will be seined or trapped from the following waters: North Platte River drainage from the dam at Dave Johnston Power Plant downstream to Glendo Dam except in the Medicine Bow National Forest; North Platte River proper downstream from Glendo Dam to the WY-NE state line, and Laramie River drainage east of I-25. Live baitfish SHALL ONLY be used on the following waters: Glendo Reservoir, Guernsey Reservoir, Grayrocks Reservoir, Hawk Springs Reservoir, Wheatland Reservoir #1, Bump Sullivan Reservoir, Springer Reservoir, Rock Lake, Festo Lake, Packers Lake, and North Platte River proper downstream from the dam at Dave Johnston Power Plant to WY-NE state line. Live baitfish SHALL NOT BE TRANSPORTED out of the North Platte River drainage below the Dave Johnston Power Plant.

Area 5; Location B

Live baitfish may be taken by seine, net or trap from the following waters: North Platte River drainage from Seminole Dam downstream to the dam at Dave Johnston Power Plant. Live baitfish SHALL ONLY be used on the following waters: Pathfinder Reservoir, Alcova Reservoir, Gray Reef Reservoir, Glendo Reservoir, Kortess Reservoir, Guernsey Reservoir, North Platte River proper between Seminole Dam and Guernsey Dam, except eight (8) river miles from Gray Reef Dam to the upstream boundary of the Lusby Public Fishing Area and from the vehicle bridge eight tenths (0.8) of a mile downstream from Pathfinder Dam downstream to Alcova Reservoir. Live baitfish SHALL NOT BE TRANSPORTED out of the North Platte River drainage below Seminole Dam downstream to Guernsey Dam.

Area 5; Location C

Live baitfish may be taken by seine, net or trap from the following waters: North Platte River drainage from I-80 to Seminole Dam. Live baitfish SHALL ONLY be used on the following waters: Seminole Reservoir and North Platte River from Seminole Reservoir to I-80. Live baitfish SHALL NOT BE TRANSPORTED out of the North Platte River drainage below Interstate Highway 80 downstream to Seminole Dam.

Area 5; Location D

Live baitfish may be taken by seine, net or trap from the following waters: North Platte River drainage upstream from I-80 to the Medicine Bow National Forest. Any baitfish seined or trapped shall be killed immediately or released to the water immediately. Baitfish SHALL ONLY be used as DEAD BAIT wherever the use of dead baitfish is legal.
